MADE IN POLAND

External aluminium roller shutters manufactured by Fart Produkt are designed primarily for thermal insulation of buildings and protection against burglary. The shutter armour rolls into an aluminium box housing (cassette), which integrates seamlessly with the building facade. Available in adaptive (surface-mounted) and built-in (flush/concealed) variants, including anti-burglar versions (RC2 / RC3). All profiles are made of high-grade extruded aluminium sheet coated with a two-layer PUR-PA paint system, providing superior resistance to abrasion and atmospheric conditions. Foam-filled aluminium slats ensure excellent thermal and acoustic insulation.

MAIN MATERIAL & CONSTRUCTION

Core: Extruded aluminium (slats, cassette, guides). Filling: polyurethane foam. Finish: PUR-PA powder-coat.

TECHNICAL SPECIFICATIONS

PRODUCT CODE	FP-RS-ALU
SLAT PROFILE WIDTH	39 / 43 / 52 / 55 mm
CASSETTE SIZES (S2)	137 / 150 / 165 / 180 / 205 mm
GUIDE WIDTH	53 / 66 / 75 mm (single); 79 mm (double)
MAX. SHUTTER WIDTH	up to approx. 3 000 mm
MAIN MATERIAL	Extruded Aluminium
SURFACE FINISH	PUR-PA powder coat, 2-layer
DRIVE OPTIONS	Manual (strap / cord / spring) or Electric motor
ANTI-BURGLAR CLASS	RC2 / RC3 (optional reinforced version)
THERMAL INSULATION	Foam-filled slats (improved energy balance)

CERTIFICATIONS & COMPLIANCE

- CE Marked — Construction Products Regulation (EU) No 305/2011
- EN 13659:2015 — Shutters and exterior blinds, performance requirements
- ISO 9001:2015 — Quality Management System
- Anti-Burglary RC2 / RC3 — EN 1627
- Made in Poland — Country of Origin: PL

TYPICAL APPLICATIONS

Residential houses & apartments

Commercial & office buildings

Hotels & hospitality

Industrial facilities

Balcony & terrace enclosures

KEY FEATURES

Foam-Filled Aluminium Slats

Profiles filled with polyurethane foam provide excellent thermal and acoustic insulation, reducing heating costs in winter and preventing overheating in summer.

Versatile Mounting Systems

Adaptive (SK-45, OWAL, SKP), built-in over-window (Opoterm, Beclever), flush (SP-E), and lintel-fill (SDZ) systems adapt to new and existing buildings.

Electric & Smart-Home Control

Compatible with wired and wireless (radio, io-Homecontrol) drives; remote operation via smartphone. Optional obstacle detection motors available.

Anti-Burglary Versions RC2 / RC3

Reinforced guides and armour panels meeting European resistance class RC2 and RC3 for enhanced security in commercial and residential applications.

IMPORT & LOGISTICS DATA

COUNTRY OF ORIGIN	Poland
HS TARIFF CODE	7616 99 90
WARRANTY PERIOD	24 months
MINIMUM ORDER QTY	1 unit
UNIT WEIGHT	Varies by size (approx. 8–45 kg/unit)
UNIT DIMENSIONS	Custom per order
UNITS / CARTON	1
CARTON WEIGHT (GROSS)	Varies (incl. packaging)
CARTON DIMENSIONS	Custom per order
