

Exterior screen roller blind W-RS

Technical exterior roller blind - sun protection that keeps natural daylight.

Fart Produkt Sp. z o.o. sp.k. · ul. Towarowa 3, 87-100 Toruń · NIP 8792684425 · www.fartprodukt.pl

MADE IN POLAND

The Fart Produkt exterior roller blind combines good looks with effective sun and heat protection, letting natural light through while blocking UV radiation and glare. The system consists of an aluminium cassette (85/95/125 mm for surface mounting, or 105/125 mm for concealed mounting), a galvanised steel roller tube, an aluminium bottom bar and high-quality technical fabric from leading European manufacturers. Available with three guide systems: ZIP (wind-resistant, compatible with an insect screen), side rails and cable guides. Maximum width 6 m, maximum area 18 m².

⊗ MAIN MATERIAL AND CONSTRUCTION

- Fabric:** technical mesh - 70% PVC, 30% polyester.
- Cassette and guides:** powder-coated aluminium. Roller tube: galvanised steel.
- Bottom bar:** aluminium.

⦿ MADE-TO-MEASURE PRODUCT

The W-RS exterior roller blind is made to order. Each unit is produced to the required dimensions and configuration - mounting type, guide system and fabric openness factor. All models use the same high-quality materials, ensuring consistent manufacturing across every variant.

TECHNICAL SPECIFICATIONS

PRODUCT CODE	W-RS
VARIANTS / SYSTEMS	ZIP / side rails / cable guides
CASSETTE (SURFACE)	85 / 95 / 125 mm
CASSETTE (CONCEALED)	105 / 125 mm
MAX. WIDTH	6,000 mm
MAX. HEIGHT	5,000 mm
MAX. AREA	18 m²
CASSETTE MATERIAL	Aluminium
ROLLER TUBE	Galvanised steel
BOTTOM BAR	Aluminium
FABRIC	70% PVC, 30% polyester

CERTIFICATIONS AND COMPLIANCE

- ✓ CE marking - Construction Products Regulation (EU) No 305/2011
- ✓ EN 13659:2015 - Shutters and external blinds, performance requirements
- ✓ ISO 9001:2015 - Quality Management System
- ✓ Technical fabric - EN 410 (verified solar energy transmittance)
- ✓ Made in Poland - Country of origin: PL

TYPICAL APPLICATIONS

- Residential terraces and pergolas
- Glass facades of offices and shops
- Hotels - balconies and common areas
- Greenhouses and winter gardens

KEY FEATURES

- ZIP system - wind- and insect-proof**
The ZIP guide locks the fabric edge in the rail channel, giving exceptional wind resistance and leaving no gaps for insects.
- Natural light without the heat**
The technical fabric filters UV rays and reduces solar heat gain while keeping the view and natural light - cutting air-conditioning costs without sacrificing comfort.
- Single panel up to 18 m²**
Suitable for large glazed facades, pergolas and terraces. Up to 18 m² in a single screen with no intermediate supports.
- Home and climate automation**
Compatible with io-Homecontrol and standard radio systems; can be linked to weather stations for automatic response to wind and sun.
